Education

Degree	Institute	Area	Year (Month)
Doctor of Philosophy	University of New South Wales, Sydney, Australia	Civil and Environmental Engineering (Water Engineering)	2024 (July)
Master of Technology	Indian Institute of Technology, Guwahati, India	Civil Engineering (Water Resources Engineering and Management)	2018 (June)
Bachelor of Technology	Tezpur University, India	Civil Engineering	2016 (June)

Research

Research Interests

Surface and Vadose Zone hydrology

Hydro-climatology

Reservoir Inflow and Streamflow Forecasting

Hydrological Modelling and Remote Sensing

Water Resources management and Sustainability

Socio-hydrology

5. **Sinha, J.**, Sharma, A., Marshall, L & Kim, S. (2022). Characterisation of satellite soil moisture drydowns using a bivariate filter. *International Conference on Water and Environmental Engineering (ICWEE-2022), 27-30 November 2022, Sydney.*

6. **Sinha, J.**, Sharma, A., Marshall, L & Kim, S. (2021). A bivariate filter for characterization of drying rates of satellite soil moisture drydowns. *Modelling and Simulation (MODSIM-2021), 5-10 December 2021, Sydney.*

Conference Posters

1. **Sinha, J.**, Sharma, A. & Marshall, L. (2025). Reconstruction of Satellite Soil Moisture Series using

Physical Processes. *International Association of Hydrological Sciences Scientific Assembly (IAHS 2025), 05-10 October 2025, Roorkee, India.*

2. **Sinha, J.**, Sharma, A. & Marshall, L. (2022). Sustainability of Virtual Water Trade. *American Geophysical Union Fall Meeting (AGU-2022), 12-16 December 2022, Chicago, Illinois.*

3. **Sinha, J.**, Goyal, M.K. (2019). Influences of local factors on long-term annual and intra-annual water balances across 25 major river basins in India. *World Environmental and Water Resources Congress (EWRI-2019), 19-23 May 2019, Pittsburgh, Pennsylvania.*

Talks

1. ***Sinha, J.*** *(2026).* Real-time inflow forecast system for Chamera III Dam. *National Hydroelectric Power Corporation (NHPC) Limited office, Faridabad, India.*

2. **Sinha, J.** (2019). Hydrologic resilience. *Recent advances in Water Resources and Environmental Engineering, 22-27 April 2019, Technical Education Quality Improvement Programme (TEQIP), IIT Indore.*

Software

1. Precision crop water requirement and dynamic irrigation scheduling tool – The software performs bias correction of soil moisture time series before using the corrected data to estimate crop water requirements and support irrigation scheduling. Users can perform analyses for any location globally. ***(under development)***

Work Experiences

Assistant Professor at Indian Institute of Technology, Guwahati *Oct 2026-present*

Post-Doctoral Project Fellow at Indian Institute of Technology, Roorkee
Dr. Narendra Kumar Goel- *Emeritus Fellow, IIT Roorkee* *Aug 2025-Oct 2026*

Post-Doctoral Research Associate at Indian Institute of Technology, Roorkee
Dr. Narendra Kumar Goel- *Emeritus Fellow, IIT Roorkee* *May 2025-Aug 2025*

Research Assistant at University of New South Wales, Sydney
Dr. Andrew Dansie – *Associate Professor, UNSW Sydney* *Sept-Dec 2023*

Postdoctoral writing fellow at University of New South Wales, Sydney
Dr. Ashish Sharma - *Professor, UNSW Sydney* *July-Dec 2023*

Course Marker at University of New South Wales, Sydney
CVEN 3501: Water Resources Engineering *Feb-May 2023*

Demonstrator (Teaching) at University of New South Wales, Sydney
CVEN 3501: Water Resources Engineering *Feb 2020-May 2023*

Junior Research Fellow at Indian Institute of Technology, Indore
Dr. Manish Kumar Goyal- *Professor, IIT Indore* *Aug 2018-Aug 2019*

Teaching Assistant at Indian Institute of Technology, Guwahati
Hydraulics and hydraulics structures lab *Aug 2016-June 2018*

Research project as a summer intern at Indian Institute of Technology, Kharagpur
Dr. Paramita Bhattacharya- *Associate Professor, IIT kharagpur* *June 2015*

Summer Intern at Nagaon Paper Mill (NPM), Jagiroad, Assam, India *June 2014*

Achievements and Honors

Postdoctoral Writing Fellow, 2023: For postdoctoral research (post-submission of thesis) at UNSW, Sydney.

Development and Research Training Grant, 2022 (DRTG): For conference during PhD at UNSW, Sydney**.**

University International post graduate award scholarship, 2019 (UIPA): For PhD research at UNSW, Sydney.

B.Tech Gold medalist, 2016: Secured Gold medal (1st Position in graduating batch 2016) in B.tech in Civil Engineering.

M.H.R.D (Ministry of Human Resources Development) GATE Fellowship 2016: For Post-

Graduate study at IIT Guwahati

Ishan Vikas summer training, 2015: Selected for Ishan Vikas summer training Program under M.H.R.D (on merit basis) at IIT Kharagpur.

Technical skills

Programming languages: C, C++, MATLAB, and R

Softwares: InVest, ArcMap, ArcSWAT, AutoCAD, and ETABS; **Basic-** HEC-RAS, STAAD Pro V8i, ERDAS, RORB, and ENVI

Membership

American Geophysical Union (AGU)

European Geosciences Union (EGU)

Asia Oceania Geosciences Society (AOGS)

Modeling and Simulation Society of Australia and New Zealand (MSSANZ)
